

Culture Day At WHS

What it means to us

Culture Day will be a vibrant celebration of the diversity in our Woodcote community and the traditions that shape all our identities with the theme of culture running throughout the week.

Through food, clothing and storytelling students can gain a deeper understanding of different cultures aiding us to become an even more Welcoming, Happy and Supportive Woodcote.

Ultimately, Culture Day is not just about showcasing traditions but it's about embracing one another's uniqueness.

What you can do

On Wednesday the 26th of March we invite everybody to come into school in their own traditional clothing that represents their culture, this would be a beautiful display of the hundreds of culture and identities in Woodcote.

All clothing must be appropriate. Students who do not wish to wear cultural dress must wear full school uniform on this day. Clothing must represent cultural heritage **(this is not an opportunity to wear your favourite football shirt!)**

Students will also be able to make food from their own culture and stands which will be a wonderful way for us to indulge in different cultures and raise money for good causes.

If you want to set up your own stand email Raphael who can go through the details with you (deadline to apply 21st March).

Cultural Day Presentations

We would love for students to make presentations about their culture or heritage in their forms to educate others and display who they are in the week

Click to listen to Praise talk about her gifts and what they mean to her

Any questions feel free to email your head students-
