

4th November 2024

Dear Parent/Carer(s)

RE: Year 9 Safer London Workshop

On Friday 8th November all Year 9 students will be invited to participate in a 60 minute Safer London Workshop.

The workshop will focus on improving knowledge and understanding about reporting sexual harassment on public transport and will cover the following areas.

- Identifying bad behaviours on public transport.
- Understanding what it means to be an active bystander.
- Reasons for reporting.
- Information on the different ways to report sexual harassment.

In PSHE lessons, Year 9 students have been completing a series of lessons focusing on health relationships. We hope this workshop will provide a further opportunity to to develop students' knowledge and empower students to seek support if required.

To support with educating children on these important themes, we encourage parents to provide discussion opportunities at home and welcome any queries you may have to aid supporting your child. Further information regarding the workshop can be found here; [TfL Project Guardian - Transport for London](#).

Yours faithfully

Tania Carolan
Assistant Principal
