Supporting evidence is required for any of the above with the application. Including any other benefit that you might receive.	

Bursary Fund information:

The school uses the Bursary Fund to support students in need to access financial support for their learning. The school targets any support on an individual basis, and the list overleaf indicates the usual form such support takes. This does not prevent applicants from making a case for alternative support; each case would be considered on its merits.

Applicants should ensure they return the form to the school by **4th October 2021** in order to be considered for that year's academic funds.

Where those adults responsible for the applicant do not wish to provide financial information, the applicant may still make a case, using the additional information section. The case made will then be considered after those for whom financial information has been provided.

There is a limit to funds under this category. Once these have been exhausted, no further allocations can be made. However, should funds remain after the 4th October each year; later applications can be made during the academic year until no funds remain.

Please be aware that excellent attendance to Sixth Form is mandatory for the continuation of bursary payments.

Please add here any further information to support your application
